Police seek help finding Alzheimer's patient

EULESS — Police are asking for the public's help finding Gerald Wayne Nordin, 75, who has Alzheimer's and was last seen about 11 a.m. Thursday driving a 2003 beige Buick Century with Texas license plates T41WHK. Before leaving his home on Karen Lane in south Euless, Nordin told his wife that he was going to check the water at his son's house, said Lt. John Williams, a police spokesman. The son used to live in Hurst, but has not lived there for years, Williams said. A Silver Alert, similar to an Amber Alert but designed for missing elderly patients and those with mental disabilities, has been activated. Anyone with information is asked to call Euless police at 817-685-1531.

Nordin

Man with Alzheimer's is found safe

EULESS — A 75-year-old man with Alzheimer's who was reported missing Thursday was found Friday night at a gas station in Ranger, more than 100 miles west of his home in Euless. Gerald Wayne Nordin drove away from home about 11 a.m. Thursday. A police spokesman said an employee at Love's Travel Stop in Ranger first helped Nordin after he ran out of gas Friday. The employee, Travis Clayton, told police that he recognized Alzheimer's symptoms because he has a relative with the disease. Employees found a phone number for one of Nordin's neighbors and also called police. Family friends returned Nordin and his car home, the spokesman said.

Missing Bedford woman found dead

EULESS — A Bedford woman whose family had reported her missing Tuesday evening was found dead Wednesday morning in a park near her home, police reported. The body of Vicky Hoover, 53, was in a wooded area of West Park off Westpark Way in Euless, said Lt. Kirk Roberts, Bedford police spokesman. Hoover lived on Aquaduct Court in Bedford, a few blocks west of the park. "There are just no signs of foul play or trauma to the body," Roberts said. "We don't believe it was a violent attack of any kind, but we don't know the cause of death, either." The low temperature overnight was in the mid-20s. The Tarrant County medical examiner's office will determine the cause of death, he said.

**Mayor Saleh
Eules**

Transportation is one of the most critical issues facing North Texans today. The suburbs of Hurst, Euless and Bedford have long worked to provide transportation for those citizens in need. HEB Transit grew out of the work that was being done to assist families in need. It has been such a great grassroots effort in our community and we are so elated to see this program take off and know that it's a tremen-

dous success!

Transportation is becoming more of an issue for our residents every day. Don't forget that there are transportation options for HEB residents.

NETS offers door-to-door transportation services to residents who are disabled or 55 or older. This service is available in Euless from 7 a.m.-6 p.m. Monday - Friday and costs \$1.50 per one-way trip.

The Wheels Program provides medical transportation in Tarrant County to any Euless resident without transportation. Trips run from 5:30 a.m.-4 p.m.

HEB Transit provides work related rides for residents of Hurst, Euless and Bedford. Rides must start and end within HEB; the two Trinity Railway Express train stations at CentrePort and Hurst Bell are also included.

Once again we thank all our volunteers, who give of your time and talents. Working together, we are Building a Better Tomorrow for our Citizens.

Art Car Wins Best in Class in Euless Parade of Lights

Last Saturday, current and former students of Mr. Stevens' Auto Collision class entered the HEB ISD Art Car in the Euless Parade of Lights and won Best in Class! The students, along with parent volunteers, met early in the day to decorate the Art Car with donated strings of lights. Chicken Express provided chicken and biscuits for the students as they worked through dinner.

Winning Best in Class

at the City of Euless' 16th Annual Christmas Parade of Lights follows on the heels of People's Choice awards at the NETC Relay for Life Car, Truck, and Cycle Show and at the 2009 Houston Art Car Parade.
